

CRAZED With Pain

"During last winter I had a severe attack of LaGrippe which continued for about three months. I suffered with pain throughout my body, until I thought I should go crazy. As the Grip effects wore away, I thought I would then be relieved from those nerve-racking pains, but in this I was mistaken, for the pain steadily grew worse after the disease left me, and I could sleep neither night nor day. A trial of several remedies effected no relief, until I used Dr. Miles' Anti-Pain Pills, when I obtained prompt relief. Since then I have had no return of the trouble. For pain of all kinds I heartily recommend Dr. Miles' Anti-Pain Pills."

"Your Anti-Pain Pills are certainly the most wonderful little remedy I ever used for relieving aches and pains of all kinds."
